

Carolina's Medical Center-Northeast offers a continuum of care for pediatric patients from birth to age 18 in a peaceful, serene environment where nature is the primary surrounding. Based on a hospital-within-a-hospital concept, the children's hospital ensures that supporting services and a growing number of physician specialists will be maintained at CMC-Northeast, allowing pediatric patients and their families to remain in the local community rather than being referred outside the region for these services. For medical problems both large and small, the Jeff Gordon Children's Hospital delivers a higher level of primary and specialty pediatric care, right here at home.

JEFF GORDON CHILDREN'S HOSPITAL

The Jeff Gordon Foundation was established as a non-profit 501(c)(3) organization in 1999 by the four-time NASCAR Cup Series champion. The Foundation supports children battling cancer by funding programs that improve patients' quality of life, treatment programs that increase survivorship and pediatric medical research dedicated to finding a cure. The Foundation also supports the Jeff Gordon Children's Hospital in Concord, NC, which serves children in the community by providing a high level of primary and specialty pediatric care. We are proud to support a quality healthcare facility dedicated to compassionate care and medical excellence for children.
